

Nestled in the foot of the Big Horn Mountains in Northeastern Wyoming, Sheridan has been voted the original #1 Western Town and the *King of Cowboy Towns*. Beautiful scenery, friendly people, bike paths and a historic downtown consistently make Sheridan one of the top places to live, work and play. The majestic Big Horn Mountains are situated perfectly to provide four seasons of fun and sun with spectacular beauty and grand vistas. Take to your cross country skis and snowmobiles in the winter and hike and fish in the summer. Enjoy a PRCA rodeo weekend. Fly fishing in the Big Horns is second to none. Sunday afternoons are warm and inviting at either one of the two polo fields in Sheridan. Watch some of the world's best polo players or participate yourself with amateur polo. You can always finish off your day at one of the many restaurants or unique shops on historic Main Street and enjoy the wide variety of boutiques and western wear.

Sheridan's Historic Downtown

PGY1 Pharmacy Residency Program

**1898 Fort Road
Sheridan, WY 82801**

Phone: 307-675-3216
Fax: 307-675-3913

Sheridan VAHCS PGY1 Pharmacy Residency

The Sheridan VAHCS is a mental health and primary care facility for men and women who served their country in the Armed Forces. In 1898 the grounds that are now the Sheridan VA Medical Center were set aside by President William McKinley as Fort McKenzie. In the 1920s, the fort transferred to the Bureau of Health as a hospital for men coming home from WWI with battle fatigue, or what is currently known as PTSD. Today the Sheridan VA has 208 beds and serves nearly 12,000 Veterans yearly. The Healthcare System boasts eight Community Based Outpatient Clinics, located strategically across Wyoming. Sheridan has several Residential Treatment Programs that address multiple aspects of psychiatric care, including substance abuse, PTSD, and co-occurring disorders.

Purpose:

Sheridan VAHCS's PGY1 pharmacy residency program builds on Doctor of Pharmacy (PharmD) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions, eligible for board certification, and eligible for postgraduate year two (PGY2) pharmacy residency training. This unique program also offers the opportunity to work with Veterans from all parts of the country in our Mental Health programs.

The Residency Experience:

Required Rotations

- Orientation
- Anticoagulation Clinic
- Pharmacotherapy
- Mental Health (inpatient)
- Mental Health (outpatient)
